Cheer Up!

Don't worry, friends. Just smile and say  
That life is all a joke;  
The burning questions of one day  
The next go up in smoke. —Luke.

## TRAGEDY AT MANCHESTER

Ted Kendall Killed By Glenn Ellis With An "Unloaded Gun"—Sad Affair.

Sunday afternoon Ted Kendall, Glenn Ellis and Joe Grierson, young men of Manchester, Ohio, went out to take some pictures.

They were posing for a "Wild West" picture when a gun in the hands of Ellis was accidentally discharged, the load taking effect in young Kendall's heart, killing him instantly.

Mr. Kendall was well known here and in Aberdeen, he having married Miss Ida Mae Clark, daughter of Mr. and Mrs. Wallace Clark, formerly of Aberdeen, but now of this city.

The young man had a \$500 policy in the Western & Southern Life Insurance Company, but it lapsed on April 29th. Supt. C. L. Rosenham went up to Manchester yesterday to see about the insurance. He states that the killing was a horrible affair and caused much talk in Manchester.

Maysville's Best Clothing and Shoe Store.

"WELL, IT WAS A HUMMER." We refer to last Saturday's business. "This store is entitled to it." We have given a "tone" to Maysville Clothing Business that few Clothing Stores, even in much larger towns than ours, have achieved.

Buyers of Children's Suits find here \$3.50 and \$5 Suits including pure worsted guaranteed color blue serge Knickerbocker Suits that are a revelation to them.

Our Young Men's Suits ranging in price from \$12.50 to \$18 are matchless.

Our Men's Suits including our popular blue serge Suits \$12.50 to \$16.50 are splendid values. From \$20 to \$30 we show a line of Suits that we have sold scores of, that are the most admired garments worn in Maysville.

Our Shirt, Underwear and Shoe Departments are always busy.

Before you buy a Straw or Panama Hat let us show you what is worn by people "that know".

## Costume LINENS!

When you want linens go to Hunt's. Haven't you heard that said? You know what it means. We call special attention today to our Costume Linens.

The good old-fashioned quality in the new weaves decreed by fashion.

90-inch costume linen (shrunk, ready for use), white only, 98c yd.

48-inch Flemish homespun, 50c yard.

45-inch French "dry finish" dress linen, 50c yard.

45-inch non-crushable Irish linen, white and colors, 50 yd.

## PRACTICAL SUMMER GLOVES

that can be washed every day if desired. Fit well, look well, are light and comfortable. Our glove section is full of good values. Let us show them to you. 50c, \$1.00, \$1.50.

## COTTON CREPES.

Plenty of plain crepes, also crepe suitings for skirts and coats. Terry crepe—soft and beautiful. Crepe poplin, one of the season's smart fabrics.

Every weave, width and weight and we might say every price, for the range is 10c to \$1.50 yard.

The softest of colors—lots of white, and blue at every price.

## TWISTWEAVE.

A new, beautiful, durable and economical rug. The rug or carpet problem is a difficult one. It is hard to find a rug of good color and design at a moderate price. Twistweaves meet this need. They are made of rope stock and pure wool yarn. They have weight, therefore lie flat on the floor. The weaving absolutely prevents slipping of threads and thus assures satisfactory wearing qualities. A Twistweave Rug will outwear any ordinary carpet. Size 9x12. \$7.50, \$8.50.

AN IMMENSE ASSORTMENT of White goods for commencement dresses at all prices.

## "HONEST BILL" KIRKBY

Given Clean Card By Ohio Jury for Alleged Bribery.

Columbus, Ohio, May 18.—After being out only 10 minutes the jury in Judge Rathmell's court today returned a verdict of not guilty in the case of William Kirkby, former railroad commissioner of Ohio, charged with bribing George B. Nye, a representative in the Legislature from Pike County. Earlier in the day Judge Rathmell had overruled a motion that the jury return a verdict for the defendant upon peremptory instructions. Attorneys then argued the case and the jury retired shortly before noon. The verdict of acquittal did not cause any great

surprise among those who had followed the trial closely, though it had not been expected that an agreement would be reached in so short a period.

## IF YOU GET IT TEDDY, YOU WIN.

In response to the inquiry, will you be a candidate for the Presidency in 1916? The Colonel is quoted as follows: "I cannot tell if I shall run until later developments. But if I do run, it must be on a Progressive platform which the Republicans must accept."

Well, if we must, we must, and that's all there is to it.

So go to it Teddy, old boy, and if you win we're wid ye, and if you lose we'll help throw rocks at the old gray goose picking grass off your last resting place.

## MINIMUM WAGE FALLACY.

Mercantile establishments in the State of Washington must in the future pay female employees not less than \$10 a week. So decrees the State Wage Commission, to whom money is no object, because some one else pays the bill.

"Verily, the laborer is worthy of his hire," quotes the politician whose reading of economics never gets beyond the chapter on "How To Get Votes." Yes, he or she is worthy of it, and should receive every penny; but the amount of hire should be fixed by earning capacity.

Capital also demands a minimum wage. If it cannot get a reasonable return it may refuse to work. A commission may fix the amount an employee shall receive when working, but it cannot guarantee employment.

Fix a minimum wage at any figure, and what is the result? As a matter of business, no man will pay more than a commodity is worth to him. What is to be done with the person in any line of employment whose earning capacity is less than the minimum wage? The employer will not pay the minimum. The law would forbid the employee to work for less. His alternative is to starve or enter the ranks of some lower paid employment, and crowd out another less efficient than he. This means in the end that a statutory minimum wage becomes in practice a maximum wage. The secondary consequences of such a law are cruel in the extreme.

It may and should be possible to improve the present system of fixing wages. But the way has not yet been devised. And until it has, awkward, unscientific attempts at blue sky labor legislation will always release a train of evils, but cure none.—Wall Street Journal.

## WELL PREPARED.

"The minister came to Jethro's house one afternoon to a christening party—he was to christen Jethro's little son, Jeth, Jr."

"Jethro," said the minister, solemnly, taking his host aside before the ceremony, "Jethro, are you prepared for this solemn event?"

"Oh, yes, indeed, doctor," Jethro beamed. "I've got two hams, three gallons of ice cream, pickles, cake—"

"No, no, Jethro," said the minister, with a smile. "No, no, my friend; I mean spiritually prepared."

"Well, I guess yes! Two demijohns of whisky and three cases of beer!" Jethro cried, in triumph.—Washington Star.

Thedford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Thedford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught."

Thedford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

## OUR BIG JUNK PILE

Metal Recovered from Waste and Scrap to the Value of Nearly \$73,000, 000 in 1913.

The value of the "secondary metals" exclusive of gold, silver, platinum, and iron, recovered in the United States in 1913 was \$72,845,000, according to J. P. Dunlop, of the United States Geological Survey. Even this large figure is a decrease compared with 1912, when the value was \$77,396,000.

The term "secondary" is applied to metals recovered from scrap metal, sweepings, skimmings, drosses, etc., as distinguished from "primary metals," which are derived from ore, but without implication that the secondary metal is of inferior quality. The Survey figures reveal only in a partial way the vast extent of the waste-material industry, which yearly becomes greater and better organized. The value of old iron and steel reused exceeds that of remelted brass, and the value of old rubber and paper stock amounts to many millions of dollars.

President Wilson signed the bills raising Chili and Argentina to the rank of countries having Ambassadors from the United States.

Because he could not return to his banking business within two years after his term expired, Harry A. Wheeler refused a place on the Reserve Board.

Insanity was advanced by the defense as the reason that John Gianini killed his school teacher in Herkimer, N. Y., at the opening of the boy's trial.

The two features brought from India which make the bungalow particularly pleasing are the porches and the overhanging roof, and of these the porches are susceptible of the widest individual treatment.

## CHILD KILLS SISTER.

Carlisle.—A pistol with which Russell Feeback, 11, and his 6-year-old sister were playing was accidentally discharged, killing the little girl. Russell obtained the pistol from a drawer while his mother was away from home.

J. LONDON, WAR CORRESPONDENT (State Journal.)

Jack London has gone to Mexico to write "war" stories for Collier's Weekly. Jack ought to make a cracker-jack war correspondent. He has a powerful imagination and will only need a small basis of fact and detail on which to build some very interesting stories. At that, we think he is at his best when he writes fiction pure and simple, but no doubt the readers of Collier's will get the worth of their money so long as the "war" lasts—or the managing editor is willing to keep Mr. London in the land of the Greasers.

## THAT PAPER RAILROAD.

The latest news from the proposed railroad out this way is not entirely of an encouraging nature, judging from the following excerpt from the Falmouth Outlook of last week: "The new railroad that was going to be built through Falmouth seems to have fooled us again. It got so close at one time that we could almost hear them coupling the cars. For the last few weeks it seems as though it has been 'making tracks' instead of laying tracks. We believe the road will be built and we are afraid it will pass through some night and we won't get to see it."—Mt. Olivet Tribune.

## FARM AND STOCK NOTES.

W. E. Gabhart, of Mercer County, sold 150 White Leghorn chickens to D. E. Sullivan, of Atlanta, Ga., at \$1.50 a head.

The Government tobacco report shows there are manufactured 16,000,000 lbs. of Burley tobacco less than a year ago.

C. C. Clarke, of near North Middletown, bought from the Millersburg Lumber Company an extra good 4-year-old work mule, for \$325.

Pattie McDonald, owned by Nim McCullough, of Atlanta, Ga., and shown by Robert McCray, of North Middletown, won right down the line in the gaited classes in the South Carolina Circuit. First class judges consider her an excellent mare this year.

Eighteen Kentucky saddle horses belonging to S. T. Harbison & Co., of Lexington, were sold by the Rasig-Tipton Company at the Little Riding school, in New York Thursday, for \$7,730, an average of \$430. A large crowd, in which were many well-known horsemen, attended the auction.

Centralization of the Sunday School, Home Mission and Foreign Mission Boards split the Southern Baptist Convention at Nashville.

Advising the State to fight the insurance companies, the Policyholders' Union has addressed a letter to that effect to the State Rating Board.

## EUGENIC MARRIAGES.

Will insure to this county a healthier and more intelligent "Family of the future" and many a woman, obviously unfit for marriage, has had her health restored by the timely use of Lydia E. Pinkham's vegetable Compound, the most successful remedy for female ills the world has ever known. Enormous quantities of roots and herbs are used annually in making this good old-fashioned remedy and no woman who suffers from female ills should lose hope until she has tried it.

## AUGUSTA TEACHERS ELECTED.

Augusta.—A. J. Jolly was re-elected superintendent of the Augusta public schools. The following teachers were also elected: High School principal, Miss Inez Lutz, Hickman, Ky.; first and second year high school, Miss Elizabeth Ginn; eighth grade, Miss Jennie Buchanan; seventh grade, Miss Loretta Hagin; fifth and sixth grades Miss Nellie Jordan; fourth grade, Miss Mary Coughlin; third, Miss Julia Moneyhon; first and second, Miss Nannie Hancock.

## BOSWORTH IN FRAY

Opens Headquarters in Fight For Nomination For Congress.

Barbourville.—State Senator Joseph Bosworth of Middleboro, has opened campaign headquarters and will conduct a vigorous campaign for the Republican nomination for Congress in the Eleventh district, to be voted for in the August primary. Congressman Caleb Powers, who will seek renomination, is expected home from Washington this week to launch his campaign. It is said that John L. Powers, the Congressman's former campaign manager, will be in charge of his brother's race.

Progressives and Democrats have made no plans, but it is probable that they will unite in a nomination to oppose the Republican nominee.

## MAYSVILLE CONTRACTORS

Will Erect New Richmond's \$45,000 School Building.—Underbid All Competitors.

New Richmond, Ohio.—The contract for the erection of the new public school building here was awarded to the firm of McDowell & Case, of Maysville. The structure is to be sixty-six feet eight inches by 111 feet and eight inches. It will be two story with basement and modern in every particular. It is to cost \$45,000.

The foundation and reinforced concrete work was sublet to Oliver Hord. Murray & Thomas of Maysville will do the terra cotta work.

The Maysville contractors had numerous competitors, but were successful in landing the big job and will see that the work is well done.

## TEN MILLION WILL BE SPENT

In Ohio By Chesapeake & Ohio To Build Through Scioto Valley—Work To Be Commenced at Once.

Columbus, Ohio.—The development program of the Chesapeake and Ohio through Ohio, soon to be started, will involve the expenditure of over \$10,000,000. It will make the Chesapeake one of the important roads of the State, when the Hocking Valley is considered as a part of that system. Work is to be started in the next few weeks on the construction of a new line bridging the Ohio near Portsmouth and running to this city, a distance of 92 miles. This line will parallel a double-tracked portion of the Norfolk & Western line. It will be cheaper to build than to use the Norfolk and Western tracks, as the latter would have to construct three or four tracks, and would expect the Chesapeake to pay a large part of the cost and a heavy annual rental. With the completion of this line the Chesapeake will have direct tracks to the lake with its great tonnage. Access to the coal fields, which are well supplied with fire clay, limestone, coal and coke, are expected to encourage the building of steel mills and this would mean a return freight of ore from the lakes, which is what the Chesapeake needs more than anything else. With this development it is anticipated that heavy traffic over the Hocking Valley north of Columbus will make necessary the laying of a second track to Toledo. This is understood to be a part of the improvement program. There has been \$17,000,000 set aside by the Chesapeake out of earnings of the next five years for this and other improvements. It is believed that the development will take care of the expenditure. Most of the money will go to improving coal facilities. There will be commodious yards provided to take care of the Great Kanawha coal territory. Richmond will get improved yards and the \$1,500,000 coal pier at Newport News will be paid for with increased yard facilities there.

## WHY A BASEBALL TRAVELS IN A CURVED PATH.

Every baseball enthusiast knows how a curved ball is thrown. If a fast ball is thrown with a whirl, it will fly in a curved path, the curve being in the direction that the "nose" of the ball moves in as it whirls. The explanation usually given for this action is based on the "cushioning" effect of the air, but this is not convincing, as the air is too thin a medium to supply any great cushioning effect unless it is confined or is hit by a projectile traveling at a much greater speed than is possible in a ball thrown from the hand. A professor of physics in one of the eastern universities, says the June Popular Mechanics Magazine, in an illustrated article, has offered an explanation that seems to be sound both from a scientific and a common-sense point of view.

## STEADFAST CONFIDENCE

The Following Statement Should Form Conclusive Proof of Merit to Every Maysville Reader.

Could stronger proof of the merit of any remedy be desired than the statements of grateful endorser who say their confidence has been undiminished by lapse of time? These are the kind of statements that are appearing constantly in your local papers for Doan's Kidney Pills. They are twice-fold and confirmed with new enthusiasm. Can any reader doubt the following. It's from a Maysville resident:

Mrs. John Wallingford, 108 Commerce St., Maysville, Ky., says: "Several of my neighbors have been cured of kidney trouble by Doan's Kidney Pills, and one of my family was also cured of a serious case of kidney complaint after other medicines had failed. Every once in awhile I use Doan's Kidney Pills. In that way I keep my kidneys in proper working order and ward off any sign of kidney trouble. I am glad to confirm the statement I gave some years ago, recommending Doan's Kidney Pills."

## Coffee finds Its Place

The Literary Digest, of March 28, quoting the New York World, says:

"Cocain and its allied intoxicants appear to be about the cheapest things in the market. They are seemingly cheaper than whiskey, cheaper than beer, cheaper in proportion to effects than tea or coffee."

The best teaching of today is distinctly against the use of coffee, tea and other drugs, and drug bearing beverages—especially among the young. It is well established that headache, nervousness, indigestion, sleeplessness, and other aches and pains are commonly caused by coffee drinking.

People are becoming alive to this fact and thousands have quit coffee and now use

## FIRE INSURANCE TRUST

Chairman Laffoon Tells How It is Trying to Bluff the People—There Will Be a Finish Fight.

Frankfort, Ky., May 16.—Claiming that the fire insurance companies doing business in Kentucky are playing a game of "freeze-out," Ruby Laffoon, chairman of the State Insurance Board, has prepared a letter to the members of the General Assembly.

He calls attention to the fact that "There is no notable change in the game of 'freeze-out' being attempted by the insurance companies against the people of Kentucky, neither is there any famine in insurance nor any undue excitement or uneasiness among the people, in spite of the wild efforts of the insurance press and a few insurance agents to stir up something.

### Up Against Hard Job.

"The insurance press realizes that it is a hard job to coerce all the companies into obeying the orders of the larger companies. This is borne out by the fact that many companies supposed to have suspended business are issuing policies freely on whisky and other large lines through brokers but still prohibiting their local agents from protecting the rank and file of the property owners with a view of embarrassing a large number of such in a last effort to have the agitation against the State officials kept up by the commercial bodies of the State."

He calls attention to the demands of the companies and in conclusion says:

"It is an insult to the people of Kentucky, a reflection on the integrity of your officials and on the intelligence of your people. We do not believe that you would have us humble the honor of the State and drag it in the dust of humiliation by yielding to the autocratic demands of this greedy board of corporate capital—so closely allied and organized that they can attempt such a deal on our good State in order to thwart the efforts of other States to do what the highest court in the land has ruled they have a perfect right to do.

### Further Information Promised

"It will be remembered that we had to take advantage of the right given under the law to get at the information regarding the makeup of insurance rates by demanding that our representative be given access to the records of the Kentucky Actuarial Bureau, the rate-making organization of the allied companies. The information obtained made it very clear as to why the companies opposed making public these records.

"We will address you in the next few days and give you some information on this point which you will find interesting."

The Third Street M. E. Church had 35 additions to their Epworth League last night. That is going some.

Bishop Burton preached at the Episcopal Church yesterday. He was greeted with a good audience. He confirmed a good class.

Rev. M. S. Clark, pastor of the First M. E. Church South, leaves for Moorfield today. He will conduct a revival for ten days or two weeks.

The First Presbyterian Sunday School will send Miss Mary Wilson and Miss Lillie Rea Pecor to the World's Sunday School Convention at Chicago as their delegates.

Yesterday the Baptists worshiped in several different places. Rev. Wilhoite is absent at a meeting of the church, and his people were welcomed at the different churches.

Last night the Epworth League of the First M. E. Church South joined with Epworth League of the Third Street M. E. Church in celebrating the twenty-fifth anniversary of the Epworth League. The services were very good.

The Central Presbyterians were at home yesterday in their own church. The church has been repaired, refurnished and repaired. It is very pretty indeed and the school and congregation are quite proud of their building.

The Maysville Christian Bible School had nineteen more men than the Flemingsburg men. There being 71 in the local school. The primary department keeps up well having an attendance ranging from 65 to 85 during May.

The Mission Sunday School is still going on. Some think that this school has adjourned, but this is wrong. You want to go and see the school. It needs your help. See that next Sunday fills the room. It is a good place to go.

Associated Editor Wareing of the Western-Christian Advocate, Cincinnati, filled the Third Street M. E. Church yesterday. At the evening service he spoke upon "Fire Bringers." He began with the origin of fire and traced its beneficent good up to the present day. He said the Fire Bringers are the world warmers, world restorers and world builders. The address was one of the best delivered in Maysville in a long time.

That little girl of yours—she'll soon be having her hair "done up," and too, she will be out-growing her childish ways—and you haven't had her picture taken since she was in long dresses. You don't exactly want to keep her as she is—but you do want to keep the memory.

Mr. Charles Cahall, who has been in control of the Mackey & McGuire barber shop for several months returned to Winchester this morning to remain with his family.

### MASSIE'S MURDERER CAUGHT

Chicago, May 16.—Harley Beard, 18 years old, was arrested here yesterday afternoon and confessed to the murder of three persons on a farm near Ironton, Ohio, last Wednesday.

Beard, with perfect calmness, in the presence of detectives said that he first beat his victims on the head with a stick of wood and then completed the work with a razor.

Beard was arrested at the home of his sister, Mrs. D. E. Day, at 1331 West Madison street.

"A high grade imbecile type," was the comment of Dr. Harold N. Meyer, the famous Chicago alienist, regarding Harley Beard, the youth arrested here after having confessed to the murder at Greasy Ridge, Ohio, of Mrs. Dennis Massie, Mary Massie and Robert Massie.

The Massies were buried Sunday afternoon back of Ironton.

### MURDERER PASSES THROUGH MAYSVILLE.

Beard was taken through here last night over the C. & O.'s No. 4.
